

8830 FLAG DISPLAY

The law provides that the flag of the United States shall be displayed on or near a school building during the hours that school is in session, weather permitting. Each principal will determine whether adverse weather conditions would damage the flag if flown. However, as soon as weather conditions are normal, the flag should then be raised.

The flag shall be flown at half-staff when directed to do so by the President of the United States for national mourning or the Governor of the State of New Jersey for local mourning.

Whenever notice is received of the death of a Board member or a person employed by the Board, the flag of the United States at each school district building may, at the discretion of the Superintendent, be flown at half-staff for one school day. Notice shall be available on that day in order that pupils, staff members, and visitors are informed of the purpose of the memorialization.
