NONPUBLIC SCHOOL TECHNOLOGY INITIATIVE PROGRAM PLAN 2016-2017

Public School District: Westfield # of Pupils 264
Name of School: Holy Trinity Entitlement \$6,864.00
Minus 5% Administrative Fee 343.20
Spendable Amount \$6,520.80

This statement verifies that the required conference was held between the undersigned individuals regarding the New Jersey Technology Initiative Program. The public school and UCESC will not reimburse the nonpublic school directly. It is agreed that the entitlement of the above named school will be used to provide technology according to all DOE rules and regulations.

The following items will be purchased with the money from Nonpublic School Technology Initiative Program.

Description
BrainPop
View Sonic Projectors
SmartBoard
OSMO Wonder Kits
OSMO Numbers add-on
OSMO coding add-on
OSMO creative add-on
Headphones
BITSBox Classroom

Principal

Date: 4/8/16

Director of Nonpublic School Services UCESC
(Designee for local Public School District)

Date: 10/17/16

AGREEMENT

2016-2017

I have received and read the Guidelines for Administering the New Jersey Nonpublic School Technology Initiative Program. I certify that pupils who will use the technology purchased under this program qualify under the guidelines.

It is understood that the equipment, supplies and materials purchased with the state-aid funds are to be used solely for the purpose of enhancing the instructional process for the nonpublic school student. The use of equipment, supplies and materials purchased with the state funds for religious purposes, the administration of the nonpublic school or other purposes contrary to law is strictly prohibited. State-aid funds must be used to meet the specific technology needs of students and teaching staff members. State-aid funds cannot be used to supplant benefits normally provided by the nonpublic school. All technology provided under this program to nonpublic school pupils must be used for secular, neutral, non-religious and non-ideological purposes.

It is understood that equipment purchased with state-aid is the property of the public school district. Equipment will be purchased by the UCESC and delivered to the nonpublic school. Upon receipt, the equipment will be labeled by the nonpublic school with labels provided by the UCESC.

Within (1) one week of receipt of the equipment, the nonpublic school will record the serial numbers of all equipment indicated on the copy of the purchase order supplied by the UCESC. This purchase order copy along with the signature of the school designee will be faxed or sent to the Director of Nonpublic School Service, 45 Cardinal Drive, Westfield, NJ 07090.

It is agreed that the nonpublic school will store the equipment at the end of the school year at no cost to the public school district. Further, it is understood that only the public school district may dispose of equipment purchased for this program. Equipment may only be disposed of in accordance with the provisions of "Public School Contract Law".

Any piece of equipment purchased with state-aid funds will have a maintenance agreement or the nonpublic school will be responsible for repairs. State-aid funds may be used to purchase such maintenance agreements through the selected vendor. Implementation of maintenance agreement and warranties are the responsibility of the nonpublic school.

It is agreed that funds must be committed by January 4, 2017, in order to insure the student can make use of this technology during the current school year. All purchase orders must be received and signed-off by April 30, 2017 or they will be cancelled by the business office.

UNION COUNTY EDUCATIONAL SERVICES COMMISSION
NONPUBLIC SCHOOL TECHNOLOGY INITIATIVE PROGRAM PLAN 2016-2017

Public School District:	<u>Westfield</u>	# of Pupils	<u>54</u>
Name of School:	<u>Presbyterian Nursery & Kdg</u>	Entitlement	<u>\$1,123.00</u>
		Minus 5%Administrative Fee	<u>56.13</u>
		Spendable Amount	<u>\$1,066.85</u>

This statement verifies that the required conference was held between the undersigned individuals regarding the New Jersey Technology Initiative Program. The public school and UCESC will not reimburse the nonpublic school directly. It is agreed that the entitlement of the above named school will be used to provide technology according to all DOE rules and regulations.

The following items will be purchased with the money from Nonpublic School Technology Initiative Program.

[illegible]

Eden L. Senger Collins
Principal

Date: 4/8/16

Director of Nonpublic School Services UCESC
(Designee for local Public School District)

Date: 10/17/16

AGREEMENT
2016-2017

I have received and read the Guidelines for Administering the New Jersey Nonpublic School Technology Initiative Program. I certify that pupils who will use the technology purchased under this program qualify under the guidelines.

It is understood that the equipment, supplies and materials purchased with the state-aid funds are to be used solely for the purpose of enhancing the instructional process for the nonpublic school student. The use of equipment, supplies and materials purchased with the state funds for religious purposes, the administration of the nonpublic school or other purposes contrary to law is strictly prohibited. State-aid funds must be used to meet the specific technology needs of students and teaching staff members. State-aid funds cannot be used to supplant benefits normally provided by the nonpublic school. All technology provided under this program to nonpublic school pupils must be used for secular, neutral, non-religious and non-ideological purposes.

It is understood that equipment purchased with state-aid is the property of the public school district. Equipment will be purchased by the UCESC and delivered to the nonpublic school. Upon receipt, the equipment will be labeled by the nonpublic school with labels provided by the UCESC.

Within (1) one week of receipt of the equipment, the nonpublic school will record the serial numbers of all equipment indicated on the copy of the purchase order supplied by the UCESC. This purchase order copy along with the signature of the school designee will be faxed or sent to the Director of Nonpublic School Service, 45 Cardinal Drive, Westfield, NJ 07090.

It is agreed that the nonpublic school will store the equipment at the end of the school year at no cost to the public school district. Further, it is understood that only the public school district may dispose of equipment purchased for this program. Equipment may only be disposed of in accordance with the provisions of "Public School Contract Law".

Any piece of equipment purchased with state-aid funds will have a maintenance agreement or the nonpublic school will be responsible for repairs. State-aid funds may be used to purchase such maintenance agreements through the selected vendor. Implementation of maintenance agreement and warranties are the responsibility of the nonpublic school.

It is agreed that funds must be committed by January 4, 2017, in order to insure the student can make use of this technology during the current school year. All purchase orders must be received and signed-off by April 30, 2017 or they will be cancelled by the business office.
